Mobile Planetarium- Year 4 Visit

Dear Parent / Carer

Educational Visitor – Mobile Planetarium

The children in Year 4 have an exciting opportunity to totally immerse themselves in a huge state-of-the-art six-metre digital mobile planetarium cinema dome which will be coming into the school. It comes with an astronomy expert who can present live planetarium cinema shows and/or play 360° full dome films on a variety of topics. This will provide the children with an exciting start to their topic. They will be watching The Planets Show, Constellation Stories and Our Sky Through the Seasons

The visit is planned for: **Monday 16th September 2024**

Please remember to check you have given consent for your child to meet with external visitors in school for events like this. This is done through the Arbor App.

Please remember that your contribution of **£35.00** towards trips will cover this trip and educational visits for this academic year. If you have not already made this payment please do so online with Tucasi-ScoPay by using the following web address www.scopay.com/school, **prior to this trip taking place.**

You MUST ensure all of the details we hold for your child are up to date, including contact numbers and any medical conditions. If you need to change any of your child's details, please do this yourself through the Arbor App

If you have any questions, please don't hesitate to contact your child's class teacher regarding the visit or the school office regarding the online procedures.

Many Thanks
Mr King
Head of Year 4 and 5
