School Payments

Dear Parents and Carers,

I am writing to remind you about the cost of trips for your child during this academic year.

School Trips / visitors onsite

In order for us to book the trips for pupils, **we are asking that parents / carers contribute £35** which will cover all trips / visitors coming into school for the entire year. The school will meet the rest of the costs, including transport, from the curriculum budget.

I would like to emphasise that the payment of £35 is great value for money across the school year and that included in these trips/visits is a trip to London for every child. If you would like to arrange a payment plan for your child, please contact with the school's office who will be able to help you.

Payments are to be made using the following link: <http://www.scopay.com/school>

If you have any questions regarding the above, please contact the school.

Yours sincerely

Anna Rutter
Acting Headteacher
